n.e.c. Not elsewhere classified.

The "average values" are based on the entire shipments of the specified product by each establishment. Thus they are representative of varied average prices among establishments but not of variations within an establishment.

Represents net shipments.

TABLE 7A. Supplies Used: 1963 and 1958

(Detailed figures for the quantity and cost of supplies used were not obtained for these industries. For the total cost of supplies used and the quantity and total cost of purchased fuels and electric energy used, see

tables 3A and 3B. For the quantity and cost of stone received for preparation, see table 6A.)
